

National Day Outing 2019 at Singapore Flyer.

Official Opening of 1st S3 Centre at Enabling Village on 17 May 2016.

National Day Celebration 2018 at Enabling Village.

In line with our Company's Objective as well as Environmental, Social and Governance commitments, our engagement with S3 allows us to use architecture to enhance and improve lives while contributing positively to the community. It has been an honour to support S3's stroke survivors in their recovery towards independence by using our skills and resources to design comfortable and safe spaces for them, as well as organise events for them to enjoy active living.

Supporting the Community Care sector lets us demonstrate responsibility as a corporate citizen, advocate for volunteerism, and motivates us to be a socially active Company that contributes to building a more inclusive society. We will continue to cultivate a culture of care and compassion within our business by supporting meaningful volunteer opportunities with various community care partners.

Vincent Koo, Managing Director

DCA Architects Pte Ltd is a multi-disciplinary architecture firm that offers architecture, interior planning and urban design services since 1998. As part of its leadership's philosophy to give back to the community and help the less privileged, DCA has been supporting the Community Care sector since 2000.

In the past 3 years, DCA has volunteered more than 200 hours with S3 and contributed \$50,000 worth of donations. This included pro-bono services in design consultancy to renovate S3's Enabling Village, donations of cash, goodie bags, vouchers and office furniture to S3. DCA volunteers also organised outings to Jewel Changi Airport and Singapore Flyer for stroke survivors and their caregivers. These events allowed our staff to connect with beneficiaries and they were very much inspired by their individual stories and tireless spirit.

Besides S3, DCA has also provided donations to other Community Care Organizations such as Metta Welfare Association and TOUCH Community Services.

National Day Outing 2022 to Jewel Changi.
